Senate Rules Committee
OR

Dear Committee,

We need the popular vote.. If we had had that in the 2016 election Hillary would have won in a landslide... The people need to decide not the electoral votes... Now we have Trump which most people hate and want him impeached... Bring the popular vote .. Get rid of the Electoral votes.. Let the people decide.. I think then we may have more votes out.. some people thought why bother to vote the electoral wins..

Change now.... Impeach trump he did not win the popular vote no matter what he thinks.. He would have lost..... He thinks he is above the law....

Sincerely,

Mrs. Camille R Finley
