Senate Rules Committee  
OR

Dear Committee,

What ever reason we had for the Pony Express has been overcome and made obsolete by technology. You don't see Pony Express riders any more.

The same for the Electoral College, which was made, back in the day..precisely because it took so long for news and votes to reach from one end of this Country to the other.

That is no longer the case, and what ever it protected us from in the past, it's endangering us as a nation now. Time for that to be tossed on the heap of laws we don't need any more..

Sincerely,

Mr. David Dragavon  
1973 SE Pappas Loss Ct
