Senate Rules Committee  
OR

Dear Committee,

It's time to end the Electoral College. Oregonians need to know that their vote is actually the vote that is counted and matters.

This last election, as well as the one in 2000, was a travesty. The damage done by this administration because of the Electoral college having more power than our direct popular vote will take years to repair and overcome.

Please, please, please end this ridiculous and archaic protocol.

Sincerely,  
Rev. Sydney Steen

Sincerely,

Mrs. Rev. Sydney Steen
