Senate Rules Committee
OR

Dear Committee,

I'm an unaffiliated voter (in every election) from Bend asking you for full support of HB 2927 the National Popular Vote bill. It's in our national psyche that elections are to be decided by the majority. One person, one vote. The Electoral College allows the a handful of voters, often from gerrymandered districts, to determine an election.

This reform has been enacted by 10 states and D.C. and is now more than 60% of the votes needed to trigger reform. Let's stand up on the side of American values and unlike the last two times this bill made it to the Senate and stalled, let's get it through--without amendments.

It's way past time.

Sincerely,

Ms. Sandra Thompson
