Senate Rules Committee
OR

Dear Committee,

My name is Elizabeth Kennedy. I live in Portland and am writing in support of HB 2927 (National Popular Vote). One person, one vote makes sense in a democracy; winning an election when millions more voted for your opponent makes no sense. I urge you to pass the bill outright. It does not need to be amended nor does it need to be referred to voters.

Send HB 2927 directly to the Senate floor for a vote. Thank you.

Sincerely,

Mrs. Elizabeth Kennedy
