Senate Rules Committee
OR

Dear Committee,

Yes on HB 2927 - It just makes sense to use the majority vote to be law in these elections. I believe it would incentivize the public to get out and vote ,when they know that their vote represents their voice,and can make a real difference in the outcome of our elections.

I urge the committee to support this bill and to send it directly to the Senate floor for a vote without amending it.

Sincerely,

Ms. bette koetz
