Senate Rules Committee  
OR

Dear Committee,

Hello, my name is Daniel Potter and I live in North Portland. Please support HB 2927, the National Popular Vote Compact bill. I feel this bill is very important because it will help fix a broken system. The current electoral college system is not fair, and doesn't work. The compact has been passed by many other states, including our neighbors of California and Washington.

I strongly urge the committee to support and pass this bill outright, with any admendments. This bill should be sent to the senate floor asap.

Thank you,  
Daniel Potter

Sincerely,

Mr. Daniel Potter
