Senate Rules Committee
OR

Dear Committee,

I'm Marlana Safran, living in Washington County. I'm writing in support of HB 2927 (National Popular Vote).

This past election is just one example of how much we need to change how elections are handled in modern times. We are fully capable of counting one vote per person nowadays, with our technological advances, and thus each vote should count this way. Simple. No need for an antiquated system such as the electoral college to cast votes in ways that are simply not who people are voting for individually.

Please, do what simply makes sense, one state at a time, one vote a time. Let each person speak for his or herself. Support for HB 2927 (National Popular Vote)

Sincerely,

Mrs. Marlana Safran
