Senate Rules Committee
OR

Dear Committee,

Of America's four top governing institutions, a minority party was able to take control of one, , maintain its grip on a second, grab more than its fair share of a third, and set about seizing a fourth - the Supreme Court - by filling the vacancy created by Antonin Scalia's mysterious death last February. (Daniel Lazare, from "A Constitutional Revolution")

The electoral college is out of date and needs to be removed from the constitution. Do the right thing!

Paul Allen, 7736 Se Ramona St, Portland OR 97206 Districts - SS23, SR46

Sincerely,

Mr. PAUL ALLEN
