Senate Rules Committee

OR

Dear Committee,

It is beyond obvious to all that gerrymandering, the behavior of the RNC and DNC, the unneeded Electoral College (start believing in the people as Government) must go. End the Electoral College. One vote one human. No black box voting machines. Just a thumb print and mail in ballot. Stop disenfranchisement of voters now. Make it illegal to lie if you are a lawyer or in office; Fill offices with people who are not on the take. One paycheck one politician. People above mega corps and greed. The popular vote was unheeded twice lately. Billionaires fear us. That is why they place T.rump in power. What an embarrassment. Remove he and Pence and Ryan and the evil cabinet from hell asap. ONE VOTE ONE HUMAN. Adhere to the Constitution. And remember CHOICE IS FREEDOM.

Sincerely,

Mr. Robert Gustaveson
