Senate Rules Committee
OR

Dear Committee,

I'm a voter from the NW corner of the state. I have been voting for 52 years and not until now have I truly understood the consequences of choosing a leader who was not chosen by the American people. Our country and its people are not being duly represented. I urge you to pass KHB 2927 by sending it directly to the Senate floor with no amendments, referring it to voters or any other diversion intended to block it.

It is time for the majority to be heard.

Thank you, Darlene Pope

Sincerely,

Ms. Darlene Pope
