Subject: Multnomah Neighborhood Association opposes HB2007 by overwhelming vote
Date: Wednesday, June 21, 2017 2:05:04 PM

This bill does not assure affordability, jeopardizes most of Tom McCall's ground-breaking state-wide planning goals, bypasses local control and safeguards for zoning and land-use issues, and gives developers free-rein over determining how our neighborhoods, cities, and state grows.

Please start over and follow Goal 1 with broad and ongoing input by citizens.

Martie Sucec
Chair, Multnomah Neighborhood Association
