To legislators.

Vote No or FIX HB 2007 to preserve livability in historic neighborhoods in Oregon.

In my home, Corvallis, the result would be to break up the small remaining historic neighborhood with apartments expanding the pockets of densified population and car parking, bringing a preponderance of undergraduates with lifestyles--particularly noise levels--that clash with current residents'. These would irreparably alter the tenor of the neighborhood leaving no diversity and precious little to show the historic depth of our college town.

I thank you for your considered action in a no vote or an amendment.
