Senate Rules Committee  
OR

Dear Committee,

I am a constituent in 97501...I am writing to plead with you that we need the popular vote in this state...in the United States. We can't depend on the electoral college, as we know. They voted a maniac into office anyway. But I still have concerns of Republican voter manipulations and fraud and do not truly believe Hillary lost at all.

The popular vote and a paper trail would ensure us we get the President the people voted for. We The People Are becoming more and more adamant and aware. Your elections are also on the line. Remember, you work for us! Sign and pass this bill for Oregon.

Judith Hayes  
Medford, Oregon

Sincerely,

Ms. Judith Hayes
