

Rules Committee,

I am in complete support of Oregon joining the effort to have the popular vote determine the Presidency. Due to gerrymandering in most of the states of our country, we are finding that individual votes are actually disenfranchised. Nothing is worse to disenfranchise the voters of Oregon and other states than to have the popular vote NOT COUNT as the will of the people. This has happened twice and has had disastrous results for our country. I urge you to vote in favor of the popular vote electing our officials.
