

We the people are in the streets in droves and screaming louder every day because our voting will was trampled. This Putin/Trump/GOP is an enemy of our nation!

We the people voted for the Kremlin's opponent and we now see Trump and the Kremlin mean business for destroying our democracy! This is an enemy foreign power taking over our nation! The electors were a failure, they are a brainwashed brown shirted cabal! They must be squashed.

We must enact policy this moment to counter this cabal that failed us and will fail us more greatly in the future if this central power isn't removed from their claws. The Kremlin means it!

And clearly the small minority faction of fools in this nation will take us all down! Pass the national popular vote act now! We of Oregon demand it!!!!!!!
