

Rules Committee,

I know you are probably being bombarded with letters urging HB2927 be passed, however I wanted to add my support as well.

I completed my naturalization process shortly after the horrific events of 9/11. I am currently the only American in my family, and I have been proud to say that I am an active/responsible citizen (and physician, for what it's worth). I am very proud of my ability to vote.

After the last election, I started to question our democracy however. My family pointed out that my vote "didn't seem to matter anyway." This is a phrase I hear over and over.

I, like the vast majority of Oregonians, believe the president should be elected by National Popular Vote - so that all voices are heard.

Please pass HB2927 this year.

Thanks for all that you do and for taking the time to listen.
