

Rules Committee,

Please vote to improve our election process by voting for HB2927.

After the broken states' voting systems in Florida, Michigan, and Ohio which elected the "wrong" candidates: George W Bush, and now Donald J Trump; I ask you to support the HB2927.

And, I urge you to strongly suggest that other states' legislatures follow the movement to correctly modify our "Electoral College" system in America.

Thank you.

Garry
