

Rules Committee,

I have been voting in Presidential elections since 1972, and my vote has *mattered* exactly once. I'd like to change that, and I'd like for you to help me to that.

I've lived in a lot of states over the course of my life, but as luck would have it, I've never lived in a so-called 'battleground' state. That's why I've never really been able to vote for the President of this country, and I'd like you to help change that.
