

Rules Committee,

Please join the other states that have joined together to pass the nationwide popular vote! Oregon should be one of them. We already have a wonderful, hard-to-compromise vote by mail system that is a model for all states. Let's make ALL our votes count by standing up for HB2927. The Electoral College is an anachronism that has outlived its usefulness. Let's join the the states that are pushing for a nationwide popular vote!

Sincerely,

Maurelle Wyeth
