

Rules Committee,

The National Popular Vote -- what a terrible idea. Please do NOT pass this bill. The founding fathers got it right -- and it is NOT about slavery states. We do not want our country dominated by pockets of coastal liberals at the expense of middle America. Stop this nonsense! Please! Oregon will always be liberal so those pushing this vote will not lose their voice. But if this passes and someday Republicans get the lead -- I can't wait to hear the complaints!
