Rules Committee,

To - Members of the Senate Rules Committee -

RE - HB2927

From - Andrew A. Clark, Pendleton

Members - our electoral system is outdated, obsolete, and in need of revision and updating.

The concept of the Electoral College is no longer valid.

Please approve HB2927 for consideration by the Senate so that the voices of individual

Oregonians are heard just as are all the voices of all Americans across the nation.

Many thanks and best regards - Andrew
