Rules Committee,

Why did I vote if its not really counted??!! I want my voice heard now. It's ridiculous that the popular vote isn't what counts! Delegates? I've met one person in 25 years that was a delegate, so my voice, my neighbor's vote, my families vote --all for none, because you don't care who I voted for. Time for change... let's catch up to 2017, folks!! I support this house bill.
