Date: Thursday, June 22, 2017 8:28:44 AM

Rules Committee,

Please pass HB2927 with no amendments and no ballot referral. It is extremely important that every American has a vote that is actually counted. There have been several fairly recent instances where the popular vote has been superceded by the electoral vote. Gerrymandering of districts also makes the electoral vote unfair.

Oregon needs to make sure the voice of every citizen who votes is counted. Please pass HB2927.
