Rules Committee,

As an Oregonian, I believe that National Popular Vote is the fairest method for electing our president. I believe that the Oregon legislature has the authority to enact this legislation for the citizens of Oregon. Please vote for HB 2927 and do not send it to the voters. This is a matter for the legislature to decide.

I also believe presidential candidates would prioritize Oregon issues more if popular vote was enacted. As it is they don't try to win voters here.

Thank you!

Sincerely, Sara Albert
