Subject: Pass HB2927 this year!

Rules Committee,

It's time for America to equalize the vote and make sure every voters voice is heard.

Electing the president by national popular vote would mean issues that matter to Oregon would be discussed during presidential campaigns. The vast majority of Oregonians approve of this legislation and have for over 7 years.

I urge you to pass HB2927 this year with no amendments and no ballot referral.
