

All,

I wanted to inform you that after a lengthy discussion this morning with the OTA board, they have elected to support the -10 amendments to HB 2017. I appreciate the hard work you have put into this bill and your willingness to work with us regarding our concerns. We look forward to the infrastructure improvements and the process improvements that this bill contains and look forward to working with you in the future to accomplish these goals. Thank you again for your hard work on Oregon's behalf.
