

SB 5545

OLCC Marijuana Fee Ratification

SB 5545 with the -1 amendment ratifies fees adopted by the Oregon Liquor Control Commission and administratively approved by the Department of Administrative Services over the interim. The fees imposed are annual licensing fees for marijuana micro-tier producers and wholesalers, sampling laboratories, and a fee to change marijuana labeling or packaging that was previously approved. These fees account for approximately \$1 million in anticipated revenue to the marijuana regulatory program, and are assumed in the 2017-19 budget for the Oregon Liquor Control Commission.

The Capital Construction Subcommittee recommends SB 5545 be amended by the -1 amendment and be reported out do pass, as amended.
