

HB 3359

Relating to long term care

HB 3359 includes several requirements related to safety, quality, training, licensing, and staffing of residential care facilities, long term care facilities, and adult foster homes licensed by the Department of Human Services.

The Joint Committee on Ways and Means previously approved this bill, and it has passed the House.

The –B11 amendment resolves conflicts with HB 2684 and SB 58 by aligning language related to residential care facilities and the Residential Facilities Ombudsman.

I recommend HB 3359 be amended by the –B11 conflict amendment and be reported out do pass, as amended.
