

I am a Bookkeeper in property management for many years and I find these restrictions worse on investors, almost to the point of NO OPTIONS!!

Please oppose HB 2004-A.

I urge you to oppose HB 2004-A. Conversation with investors must be initiated and taken into consideration. This bill, and many others, need to be logically thought out to be fair for all. It is one sided so far!

Thank you,

Marlene Parks
