BACKGROUND:

The Oregon Legislature enacted House Bill 2562 in the 2013 legislative session. The measure made several changes to the filing fee structure and record keeping processes in Oregon courts. It also created the State Court Technology Fund to provide a source of funding for state court electronic applications, services, and systems. HB 2562 also allocated 4.75 percent of civil fees collected by the courts to the Fund.

House Bill 2606 authorizes allocation of fines collected from criminal cases into the State Court Technology Fund.
