Dear Holly Smith,

I am writing in support of HB 2510, 2511, 2514 and 2704. I support all pro EV measures your committee can take. In order to reduce the CO2 PPM, we must stop fossil fuel emissions as soon as possible. I personally bought my most expensive car ever in 2014 only because of climate change threats to life on earth. I urge you to pass these measures through and also look to more ways to move Oregon away from fossil fuels.

Thank you,

Nancy Winston
