

High School Graduation and College and Career Readiness Act

House Education Committee

February 8, 2017

OREGON
DEPARTMENT OF
EDUCATION

Oregon achieves . . . together!

Governor
Kate Brown

Governor Brown's Vision:

*Every Oregon student
graduates with a plan
for their future.*

Purpose

1. The *High School Graduation and College and Career Readiness Act*, aligns to Governor Brown's vision. In her recommended budget, the Governor prioritized her graduation vision through more focused efforts in our schools and communities to identify and engage students at-risk of not graduating high school and supporting the success of these students through effective, culturally responsive practices, interventions and trauma informed approaches. By designating \$141 million in new CTE formula funding to K-12 schools, Governor Brown also signaled her support for the *High School Graduation and College and Career Readiness Act*.
2. Ensure that implementation of the *High School Graduation and College and Career Readiness Act* results in improved graduation outcomes. Seek input from key stakeholders to discuss ideas, hopes or suggestions regarding policy development and implementation of the Measure.

Stakeholder Outreach

- Stand for Children
- COSA
- OSBA
- OEA
- OAESD
- Chalkboard Project
- OBC

Input Design

Maintain the *High School Graduation and College and Career Readiness Act* primary aims of establishing CTE programs, increasing access to college-level courses, and implementing dropout-prevention strategies in Oregon high schools.

Gather input, especially as they relate to these filters:

- Ensuring equitable outcomes for Oregon's students,
- Creating opportunities for community engagement and partnership,
- Matching expectation and requirements to the resources provided to districts through the act, and
- Opportunities to enhance student outcomes through implementation within a seamless P-20 cradle-to-career system.
