EFFECT OF AMENDMENT:

BACKGROUND:

Under current Oregon law, a marijuana dispensary or retailer must be at least 1000 feet away from a school. The Oregon Legislative Assembly passed Senate Bill 1511 in 2016. Among other things, this measure gave the right for cities or counties to pass ordinances allowing the placement of marijuana dispensaries and retailers within 500 feet of a public school so long as there was a major physical or geographic barrier separating the two.

Senate Bill 319 now prohibits this practice and requires the ordinances passed by local jurisdictions stipulate that marijuana dispensaries and retailers must be between 500 and 1000 feet away from a school if there is a major physical or geographic barrier.
