# OREGON'S ELECTRONIC PERMITTING SYSTEM

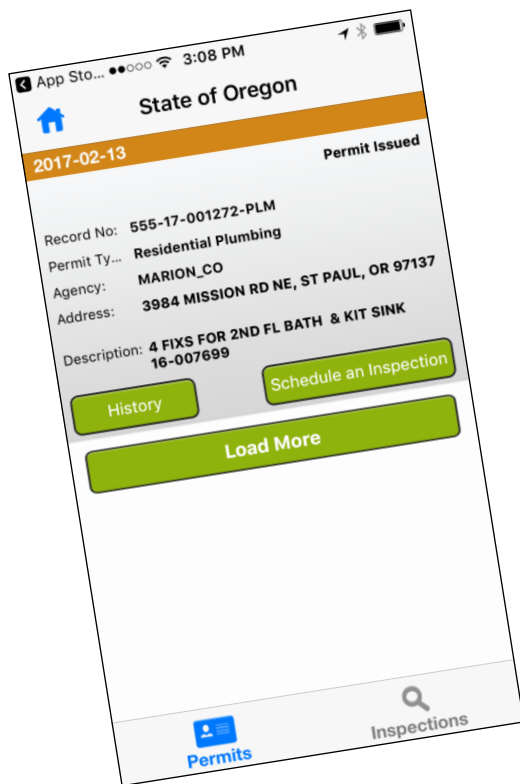

**House Committee on Business and Labor  
February 15, 2017**

# Ease of access

- Web portal and single access point for doing business across all participating cities and counties
- Accessible 24/7
- All permit types available online, with auto issue of electrical, mechanical, and plumbing permits (no plan review)
- Options for basic planning, public works and onsite septic

# Communication features

- Online permit status
- Automated emails for plan approval, inspections and more
- Preloaded alerts let you know if sites have special development requirements
- Electronic plan review

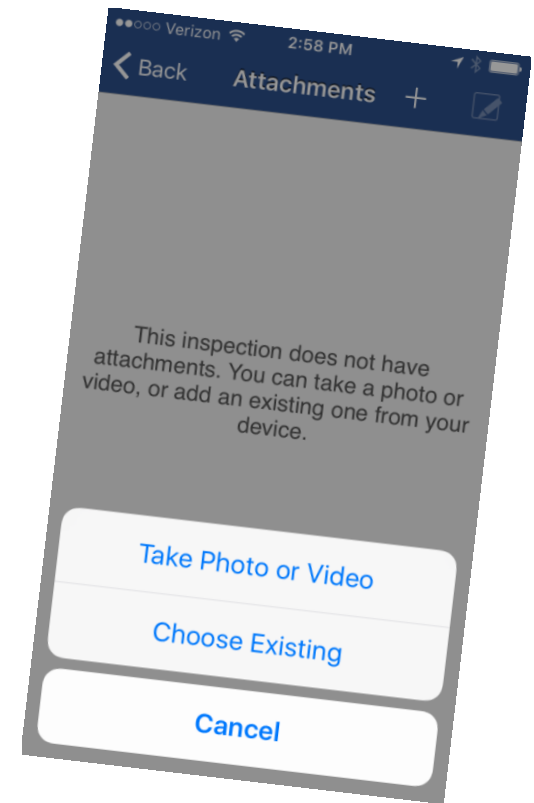

# Mobile and online options

## Contractor apps:

- Inspection scheduling options: online, IVR (automated phone), mobile apps for iPhone and Android.

## Inspector apps:

- 'real time' inspection reports and notice to contractors

# ePermitting participants & other systems
