FISCAL: No Expenditure Impact

REVENUE: No Revenue Impact

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

BACKGROUND:

Technician Fifth Grade Robert Dale Maxwell was born in October 26, 1920, in Boise, Idaho, and was raised by his grandparents in the Quaker faith.

He was drafted in World War II, but declined conscientious objector status in favor of serving as an infantryman in the United States Army in the famed 3rd Infantry Division. He was awarded the Congressional Medal of Honor for exemplary heroism above and beyond the call of duty, two Silver stars, two Purple Hearts, a Bronze Star, numerous campaign medals, and two of France's highest honors, the Croix de Guerre and the Legion d'honneur.

He used the G.I. Bill to earn certification in automotive technology, and had a civilian teaching career spanning more than 30 years at Bend Senior High School, Central Oregon Community College, and Lane Community College.

He was instrumental in creating numerous veterans memorials in Oregon including the World War II Veterans Historic Highway and the Oregon Medal of Honor Exhibit.

He celebrated his 96th birthday at his residence in Bend, Oregon on October 26, 2016. He is our nation's oldest living Medal of Honor recipient.

Friends of Technician Fifth Grade Robert D. Maxwell know him as a true American patriot and an ardent promoter of education and American history who has been able to connect the veterans community in Oregon with others across the country. House Concurrent Resolution 9 honors him for his long and faithful service to his country.
