

Please note I am veery much in favor of House Rule no !0

WE must have an impeachment process at every governmental level.

This is constitutional right. How can we gave a totalitarian control to any one governing body of government.

Please I am very much in favor of this as I have gone through personally from paying millions of dollars in oregon taxes, exemplary Oregon citizen and after having my license revoked by the Oregon Medical Board who treated me so harshly with no patient harm, no impairment issues, no sexual misconduct, no fraud, no criminal charges, my license was revoked by complaint by disgruntled employee I had terminated that had an inappropriate relationship with my spouse, turned out to be a felon, was forging prescriptions using my DEA license and the OMB investigator decided to go after a doctor with no complaint based on her false allegations. I was punished as I practice integrative medicine and want to have proper due process. I was not given a correct due process and i was left with legal attorneys telling me the Oregon Medical Board can do whatever they want, they have totalitarian control.

Please in this day and age,when riots arising fro the illegal immigrant rights, give me my rights as a daughter of a legal immigrant , my father died in shame and disbelief two years ago after seeing what happened to me.

Please do NOT give any governing body rights that leave no course for the American citizen.
