Representative Brad Witt

Brad Witt

HB 2321 A, Requires boat operators to drain water from certain portions of boat before transporting boat within this state.

This bill will help to curb the spreading of invasive species, such as the Zebra mussel, in the state.

Many other states have similar laws in place in order to reduce the spread of these invasive species from one watershed to another in the same state and also across state lines.

The Oregon Legislative Sportsmen's Caucus has taken a **SUPPORT** stance on this bill and ask you to vote **AYE**.
