Measure Description:

Creates definition of woody biomass energy technology and allows woody biomass energy technology to satisfy the requirement that green energy technology be included in constructing, reconstructing or renovating public buildings, and for which contracting agency must set aside 1.5 percent of contract price.

Government Unit(s) Affected:

Department of Consumer and Business Services (DCBS), Department of Energy, Statewide

Analysis:

The proposed legislation has been determined to have
MINIMAL EXPENDITURE IMPACT
on state or local government.

While this individual measure has a “Minimal” fiscal impact, an agency may incur a net fiscal impact greater than minimal depending on the cumulative impact of all measures enacted into law that affect the agency.
