BACKGROUND:

Current state content standards require students in fourth grade to study Oregon's Native American communities. Social Studies standard 4.1 requires students to "identify and describe historic Native American Indian groups that lived in Oregon prior to contact with Europeans and at the time of early European exploration, including ways these groups adapted to and interacted with the physical environment." Standard 4.9 requires students to "explain the influence of Oregon and the Northwest's physical systems on humans, including Native Americans."
