### **Position Summary**

Authorized Positions	0	0	0
Full-time Equivalent (FTE) positions	0.00	0.00	0.00

### **Summary of Revenue Changes**

House Bill 2784 appropriates \$50,000 General Fund, on a one-time basis, to the Oregon Department of Agriculture (ODA) to conduct a statewide pilot project designed to increase the frequency of water quality monitoring and analysis relating to the closure and opening of shellfish harvesting on state lands.

### **Summary of Natural Resources Subcommittee Action**

House Bill 2784 clarifies ODA is the lead agency responsible for state administration of program and policies relating to the commercial cultivation of oysters, clams and mussels.

The bill directs ODA to conduct a statewide pilot project designed to increase the frequency of water quality monitoring and analysis related to the closure and opening of shellfish harvesting on state lands classified by ODA, as suitable for oyster, clam or mussel cultivation. The pilot project should be conducted in areas where enhancing opportunities for the commercial cultivation of oysters, clams and mussels are in the highest demand. The agency is also directed to identify cost-effective methods for increasing the frequency of water quality monitoring and analysis related to the closure and opening of shellfish harvesting.
