Various Agencies – Oregon Marijuana Account Allocations

2017-19

Summary of Revenue Changes

The Oregon Lottery collects revenues from traditional and video lottery gaming. It pays player prizes and its operating expenses out of these revenues and then transfers the balance (net profits) to the Administrative Services Economic Development Fund (EDF). The Department of Administrative Services (DAS) then distributes funds from the EDF in adherence with constitutional and statutory funding priorities, including specific Legislative allocations. The amounts outlined in this bill are based on the Lottery revenue forecast from the DAS Office of Economic Analysis as of May 2017, adjusted for projections of reversions of unspent Lottery Funds allocations transferred to the EDF under ORS 461.559, and for anticipated administrative actions by the Oregon Lottery to transfer an additional \$20,000,000 of funds exceeding those maintained for contingency purposes to the EDF, in the 2017-19 biennium. ORS 461.559 requires certain Lottery Funds allocations unspent at the end of a biennium to be reverted to the EDF. Total reversions under this provision, which are projected equal \$4,034,893 in the 2017-19 biennium, were not included in the DAS Office of Economic Analysis Lottery Funds forecast, but the amounts in this bill include those reversions in total available resources. As actual amounts vary, the allocations or distributions set forth within may also vary – in some cases requiring related expenditure limitation adjustments.

The Oregon Lottery transfers Lottery Funds to the Administrative Services EDF on a quarterly basis. From each quarterly transfer, a number of dedicated distributions are required by the Oregon Constitution or are provided for in Oregon Revised Statutes (ORS), including:

- The Oregon Constitution requires that 18 percent of net proceeds be distributed to the Education Stability Fund.
- The Oregon Constitution requires that 15 percent of net proceeds be distributed to the Parks and Natural Resources Fund.
- The Oregon Constitution requires that 1.5 percent of net proceeds be distributed to the Veterans' Services Fund.
- Oregon statutes require that 4 percent of net proceeds, but no more than \$5.5 million per quarter adjusted for inflation, be distributed to the Outdoor School Education Fund.
- Oregon statute requires that 2.5 percent of net proceeds of video lottery gaming be distributed to the counties for economic development projects. Beginning with the 2005-07 biennium, 50 percent of the operating costs for the Economic Revitalization Team (ERT) established by ORS 284.555 are also funded from this source. Beginning with the 2013-15 biennium, 50 percent of the new funding for Regional Solutions Program positions are also funded from this source.
- Oregon statute requires that one percent of net profits be distributed to the Sports Lottery Account for sports programs at state institutions of higher education and for scholarships.
- Oregon statute requires that one percent of net proceeds be transferred to the Oregon Health Authority for Gambling Addiction prevention and treatment programs.

- Oregon statute requires that one percent of the net proceeds, not to exceed \$1.53 million annually, be transferred to the County Fair account. The maximum amount is adjusted each biennium pursuant to certain changes in the Consumer Price Index.
- Oregon statute requires that annual debt service payments for outstanding lottery bonds be satisfied before allocating for other purposes. During the 2017-19 biennium, debt service requirements will comprise approximately 19 percent of the total distributions from the EDF.

Finally, the Legislature makes other allocations from the EDF within authorized public purposes. These purposes include job creation, economic development and public education. Currently, the bulk of allocations are made to the Department of Education for the State School Fund and to the Oregon Business Development Department for various program expenditures.

Debt service allocations are paid annually. Interest earned on the EDF remains within the fund itself. If at the end of any quarter funds remain undistributed, they will remain in the EDF for allocation in future quarters. If in any quarter revenue in the EDF is insufficient to pay for quarterly distribution of allocations, DAS will first fund debt service obligations. Remaining revenues will be distributed in a prorated manner.

Summary of Capital Construction Subcommittee Action

Allocation of Lottery Revenue

Senate Bill 5529 allocates lottery revenue from the EDF and the Veterans' Services Fund. The amounts outlined in this bill are based on the Lottery revenue forecast from the DAS Office of Economic Analysis as of May 2017, adjusted for projections of reversions of unspent Lottery Funds allocations transferred to the EDF under ORS 461.559, and for Oregon Lottery administrative actions. The attached tables display the Lottery Funds allocated by the Subcommittee from the EDF and Veterans' Services Fund. All Lottery Funds allocations approved from these funds for the 2017-19 biennium are included in Senate Bill 5529. The 2017-19 allocations are summarized below.

- A total of \$247.8 million Lottery Funds is allocated for debt service for outstanding bonds. These funds are allocated to the DAS since the DAS Capital Investment Section manages debt service for the state. DAS will transfer the necessary funding to the Higher Education Coordinating Commission, Oregon Business Development Department, Housing and Community Services Department, Department of Transportation, Department of Forestry, Department of Energy, State Parks and Recreation Department and the Water Resources Department for the payment of debt on existing lottery bonds. No allocations are included to pay debt service for lottery revenue bonds issued in the 2017-19 biennium.
- The State School Fund is allocated \$464.8 million Lottery Funds.

- A total of \$66.2 million Lottery Funds is allocated for the programs of the Oregon Business Development Department. This total excludes amounts allocated for debt service payments on Lottery revenue bonds, but includes \$7.1 million for Operations; \$56.4 million in for Business, Innovation and Trade; \$1.5 million for the Infrastructure Finance Authority, and \$1.2 million for the Film and Video Office.
- The Office of the Governor is allocated \$3.7 million Lottery Funds for the Regional Solutions Program. Half of this funding will come from a reduction in the video lottery proceeds that are distributed to counties for economic development.
- The Department of Veterans' Services is allocated \$14.9 million Lottery Funds from the Veterans' Services Fund. This total includes \$7.8 million for Veterans' Services Program, \$6.9 million for county veterans' service officers, and \$118,156 for national service organizations.
- The Housing and Community Services Department is allocated \$1.5 million of Lottery Funds from the Veterans' Services Fund for housing assistance to veterans.

Education Stability Fund

A constitutional amendment approved by Oregon voters in 1997, and amended in 2002, requires that 18 percent of net lottery proceeds be transferred to the Education Stability Fund. Interest earnings on this fund are continuously appropriated for the benefit of education programs. These earnings are split 75 percent to the Oregon Education Fund, which is currently used to help pay debt service on lottery bonds that were previously issued for the Department of Education, and 25 percent to the Oregon Student Access Commission for Opportunity Grants.

Ten percent of the amount deposited in the Education Stability Fund is deposited into the Oregon Growth Account within the Fund. All declared earnings from this account are continuously appropriated to the Oregon Education Fund and the Oregon Student Assistance Commission. The transfers and distributions relating to the Education Stability Fund as described here are established by the Oregon Constitution and by other statutes – therefore Senate Bill 5529 does not include provisions relating to them.

Parks and Natural Resources Fund

Ballot Measure 76, approved by Oregon voters in 2010, requires 15 percent of net lottery proceeds to be transferred to the Parks and Natural Resources Fund. This fund is continuously appropriated for the benefit of parks and recreation and for native species protection and restoration. This transfer is established by the Oregon Constitution. Senate Bill 5529, therefore, does not include provisions relating to it.

Veterans' Services Fund

Ballot Measure 96, approved by Oregon voters in 2016, requires 1.5 percent of net lottery proceeds to be transferred to the Veterans' Services Fund. This fund is continuously appropriated for the benefit of veterans. This transfer is established by the Oregon Constitution. Senate Bill 5529, therefore, does not include a provision to transfer lottery proceeds into the Veterans' Services Fund. The bill does, however, include

allocations from the Veterans' Services Fund to support programs benefitting veterans at the Department of Veterans' Affairs and the Department of Housing and Community Services.

Outdoor School Education Fund

Ballot Measure 99, approved by Oregon voters in 2016, requires 4 percent of net proceeds, but no more than \$5.5 million per quarter adjusted for inflation, be distributed to the Outdoor School Education Fund. The Fund supports the Outdoor School program and is managed by the Oregon State University Extension Service. Instead of the percentage allocation described in statute, the Subcommittee approved a fixed allocation of \$24,000,000 for the 2017-19 biennium

County Economic Development

ORS 461.547 requires that 2.5 percent of net proceeds of video lottery gaming be distributed to the counties for economic development projects. Beginning with the 2005-07 biennium, 50 percent of the operating costs for the Economic Revitalization Team (ERT) established by ORS 284.555 have also been funded from this source.

The Subcommittee approved allocating a fixed dollar amount for county economic development during the 2017-19 biennium, rather than the percentage allocation described in statute. The fixed dollar amount is \$41,285,992, which is equal to 2.5 percent of the amount of video lottery proceeds forecasted in the May 2017 revenue forecast, minus one-half of the allocation to the Office of the Governor for the Regional Solutions Program.

Gambling Addiction Prevention and Treatment

The 1999 Legislature statutorily dedicated one percent of net lottery proceeds to be transferred to the Oregon Health Authority to fund gambling addiction programs in the state.

Instead of the percentage allocation described in statute, the Subcommittee approved a fixed allocation of \$12,457,116 for the 2017-19 biennium.

Sports Lottery Account

Beginning in 2007, one percent of net lottery proceeds are dedicated for distribution to public universities to offset the costs of intercollegiate athletic programs and for academic scholarships.

Instead of the percentage allocation described in statute, the Subcommittee approved a fixed allocation of \$8,240,000 for the 2017-19 biennium.

County Fairs

The 2001 Legislature statutorily dedicated one percent of net lottery proceeds, with certain limitations, for distribution to county fair programs throughout the state. This amount is adjusted by inflation each biennium.

Instead of the percentage allocation described in statute, the Subcommittee approved a fixed allocation of \$3,828,000 for the 2017-19 biennium.

Lottery Funds Expenditure Limitation

Lottery Funds expenditure limitation related to these allocations is generally contained within the respective agency budget bills and in House Bill 5006.

Allocation of Criminal Fine Account

ORS 137.300 establishes the Criminal Fine Account (CFA), and identifies program priorities for account moneys, but does not specify a funding level for the programs. A portion of the crime and violation fine payments collected by state and local courts are transferred into the account. The Expenditure limitations for programs receiving CFA allocations are established in the separate appropriation bills for the various receiving agencies. Any CFA revenues remaining after the specific program allocations are made are deposited into the General Fund.

The revenue forecast for the CFA for the 2017-19 biennium totals \$143.8 million. This amount is equal to the amount in the revenue forecast from the DAS Office of Economic Analysis as of May 2017, adjusted for the CFA revenue impacts of HB 2409 and HB 2797.

The Subcommittee approved allocations to agencies totaling \$77 million, leaving \$66.8 million to be deposited into General Fund. Those revenues are included in the General Fund expenditures authorized in the 2017-19 Legislatively Adopted Budget. The specific allocation amounts authorized in this bill are listed in the table of this budget report.

Allocation of Oregon Marijuana Account

Revenues from the state Marijuana taxes are deposited into the Oregon Marijuana Account. The Department of Revenue transfers 10 percent of Account funds to cities, and 10 percent to counties, by formulas established in statute. The remaining 80 percent of moneys in the Oregon Marijuana Account is allocated to state programs in this bill.

Oregon statutes dedicate the remaining 80 percent of moneys to be distributed as follows:

- 40 percent to the State School Fund
- 20 percent to the Mental Health Alcoholism and Drug Services Account
- 15 percent to the State Police Account
- 5 percent to alcohol and drug abuse prevention, early intervention and treatment services.

The revenue forecast for the Oregon Marijuana Account for the 2017-19 biennium totals \$202.5 million. This amount is equal to the amount in the revenue forecast from the DAS Office of Economic Analysis as of May 2017, adjusted for the Oregon Marijuana Account revenue impact of SB 1057. The Department of Revenue will distribute \$40.5 million to cities and counties.

The remaining \$162 million are allocated as directed under statute:

- \$81.0 million to the State School Fund
- \$40.5 million to the Mental Health Alcoholism and Drug Services Account
- \$30.4 million to the State Police Account.
- \$10.1 million to alcohol and drug abuse prevention, early intervention and treatment services.
