

HOUSE AMENDMENTS TO HOUSE BILL 2134

By COMMITTEE ON ENERGY AND ENVIRONMENT

March 27

1 In line 2 of the printed bill, after the semicolon delete the rest of the line and delete line 3 and
2 insert “amending ORS 757.612; and prescribing an effective date.”.

3 Delete lines 5 and 6 and insert:

4 “**SECTION 1.** ORS 757.612 is amended to read:

5 “757.612. (1) There is established an annual public purpose expenditure standard for electric
6 companies and Oregon Community Power to fund new cost-effective [*local*] energy conservation, new
7 market transformation efforts, the above-market costs of new renewable energy resources and new
8 low-income weatherization. The public purpose expenditure standard shall be funded by the public
9 purpose charge described in subsection (2) of this section.

10 “(2)(a) Beginning on the date an electric company or Oregon Community Power offers direct
11 access to [*its*] retail electricity consumers, except residential electricity consumers, the electric
12 company or Oregon Community Power shall collect a public purpose charge from all of the retail
13 electricity consumers located within [*its*] **the electric company’s or Oregon Community Power’s**
14 service area until January 1, 2026. Except as provided in paragraph (b) of this subsection, the public
15 purpose charge shall be equal to three percent of the total revenues collected by the electric com-
16 pany, Oregon Community Power or the electricity service supplier from [*its*] retail electricity con-
17 sumers for electricity services, distribution **services**, ancillary services, metering and billing,
18 transition charges and other types of costs included in electric rates on July 23, 1999.

19 “(b) For an aluminum plant that averages more than 100 average megawatts of electricity use
20 per year, [*beginning on March 1, 2002,*] the electric company or Oregon Community Power [*whose*],
21 **whichever serves** territory **that** abuts the greatest percentage of the site of the aluminum plant,
22 shall collect from the aluminum company a public purpose charge equal to one percent of the total
23 revenue from the sale of electricity services to the aluminum plant from any source.

24 “(3)(a) The Public Utility Commission shall establish rules implementing the provisions of this
25 section relating to electric companies and Oregon Community Power.

26 “(b) [*Subject to paragraph (e)*] **Except as provided in paragraph (e)** of this subsection, funds
27 collected [*by an electric company or Oregon Community Power*] through public purpose charges **un-**
28 **der subsection (2) of this section** shall be allocated as follows:

29 “(A) Sixty-three percent for new cost-effective **energy** conservation[,] **and** new market transfor-
30 mation **efforts**.

31 “(B) Nineteen percent for the above-market costs of constructing and operating new renewable
32 energy resources with a nominal electric generating capacity, as defined in ORS 469.300, of 20
33 megawatts or less.

34 “(C) Thirteen percent for new low-income weatherization.

35 “(D) Five percent [*shall be transferred to*] **for deposit in** the Housing and Community Services

1 Department Electricity Public Purpose Charge Fund established by ORS 456.587 (1) *[and used]* for
2 the purpose of providing grants as described in ORS 458.625 (2).

3 “(c) The costs of administering subsections (1) to (6) of this section for an electric company or
4 Oregon Community Power shall be paid out of the funds collected through public purpose charges.
5 The commission may require *[that]* an electric company or Oregon Community Power **to** direct funds
6 collected through public purpose charges to *[the]* state agencies responsible for implementing sub-
7 sections (1) to (6) of this section in order to pay the costs of *[administering such responsibilities]*
8 **administering subsections (1) to (6) of this section.**

9 “(d) The commission shall direct the manner in which public purpose charges are collected and
10 spent by an electric company or Oregon Community Power and may require an electric company
11 or Oregon Community Power to expend funds through competitive bids or other means designed to
12 encourage competition, except that funds dedicated for **new** low-income weatherization shall be di-
13 rected to the Housing and Community Services Department *[as provided in subsection (7) of this*
14 *section]* **for purposes related to new low-income weatherization.** The commission *[may also direct*
15 *that]* **may also require** funds collected *[by an electric company or Oregon Community Power]* through
16 public purpose charges **to** be paid to a nongovernmental entity for investment in public purposes
17 described in subsection (1) of this section. Notwithstanding any other provision of this subsection:

18 “(A) **If an electric company collected the funds,** at least 80 percent of the funds allocated for
19 **new cost-effective energy** conservation shall be spent within the service area of the electric com-
20 pany *[that collected the funds]*; or

21 “(B) If Oregon Community Power collected the funds, at least 80 percent of the funds allocated
22 for **new cost-effective energy** conservation shall be spent within the service area of Oregon Com-
23 munity Power.

24 “(e)(A) The first 10 percent of *[the]* funds collected *[annually]* **each year** by an electric company
25 or Oregon Community Power under subsection (2) of this section shall be distributed to school dis-
26 tricts that are located in the service territory of the electric company or Oregon Community Power.
27 The funds shall be distributed to individual school districts according to the weighted average daily
28 membership (ADMw) of each school district for the prior fiscal year as calculated under ORS
29 327.013. The commission shall establish by rule a methodology for distributing a proportionate share
30 of funds under this paragraph to school districts that are only partially located in the service ter-
31 ritory of the electric company or Oregon Community Power.

32 “(B) A school district that receives funds under this paragraph shall use the funds first to pay
33 for energy audits for schools located within the school district. A school district may not expend
34 additional funds received under this paragraph on a school *[facility]* until an energy audit has been
35 completed for that school *[facility]*. To the extent practicable, a school district shall coordinate with
36 the State Department of Energy and incorporate federal funding in complying with this paragraph.
37 Following completion of an energy audit for an individual school, the school district may expend
38 funds received under this paragraph to implement the energy audit. Once an energy audit has been
39 conducted and completely implemented for each school within the school district, the school district
40 may expend funds received under this paragraph for any of the following purposes:

41 “(i) Conducting **additional** energy audits. A school district shall conduct an energy audit prior
42 to expending funds on any other purpose authorized under this paragraph unless the school district
43 has performed an energy audit within the three years immediately prior to receiving the funds.

44 “(ii) *[Weatherization]* **Weatherizing school district facilities** and upgrading the energy effi-
45 ciency of school district facilities.

1 “(iii) Energy conservation education programs.

2 “(iv) Purchasing electricity from environmentally focused sources [*and*].

3 “(v) Investing in renewable energy resources.

4 “(f) The commission may not establish a different public purpose charge than the public purpose

5 charge described in subsection (2) of this section.

6 “(g) If the commission [*directs*] **requires** funds collected through public purpose charges to **be**

7 **paid to** a nongovernmental entity, the entity shall:

8 “(A) Include on the entity’s board of directors an ex officio member designated by the commis-

9 sion, who shall also serve on the entity’s nominating committee for filling board vacancies.

10 “(B) Require the entity’s officers and directors to provide an annual disclosure of economic in-

11 terest to be filed with the commission on or prior to April 15 of each calendar year for public review

12 in a form similar to the statement of economic interest required for public officials under ORS

13 244.060.

14 “(C) Require the entity’s officers and directors to declare actual and potential conflicts of in-

15 terest at regular meetings of the entity’s governing body when such conflicts arise, and require an

16 officer or director to abstain from participating in any discussion or [*vote*] **voting** on any item where

17 that officer or director has an actual conflict of interest. For the purposes of this subparagraph,

18 ‘actual conflict of interest’ and ‘potential conflict of interest’ have the meanings given those terms

19 in ORS 244.020.

20 “(D) **Annually**, arrange for an independent auditor to audit the entity’s financial statements

21 [*annually*], and direct the auditor to file an audit opinion with the commission for public review.

22 “(E) **Annually** file with the commission [*annually*] the entity’s budget, action plan and quarterly

23 and annual reports for public review.

24 “(F) At least once every five years, contract for an independent management evaluation to re-

25 view the entity’s operations, efficiency and effectiveness, and direct the independent reviewer to file

26 a report with the commission for public review.

27 “(h) The commission may remove from the board of directors of a nongovernmental entity an

28 officer or director who fails to provide an annual disclosure of economic interest, or **who fails to**

29 **declare an** actual or potential conflict of interest, as described in paragraph (g)(B) and (C) of this

30 subsection, [*in connection with*] **if the failure is connected to** the allocation or expenditure of funds

31 collected through public purpose charges and [*directed*] **paid** to the entity.

32 “(4)(a) An electric company that satisfies its obligations under this section [*shall have*]:

33 “(A) **Has** no further obligation to invest in **new cost-effective energy** conservation, new mar-

34 ket transformation or new low-income weatherization, or to provide a commercial energy conserva-

35 tion services program; and

36 “(B) Is not subject to ORS 469.631 to 469.645 and 469.860 to 469.900.

37 “(b) Oregon Community Power, for any period during which Oregon Community Power collects

38 a public purpose charge under subsection (2) of this section:

39 “(A) [*Shall have*] **Has** no [*other*] **further** obligation to invest in **new cost-effective energy**

40 conservation, new market transformation or new low-income weatherization, or to provide a com-

41 mercial energy conservation services program; and

42 “(B) Is not subject to ORS 469.631 to 469.645 and 469.860 to 469.900.

43 “(5)(a) A retail electricity consumer that uses more than one average megawatt of electricity

44 at any site in the prior year shall receive a credit against public purpose charges billed by an

45 electric company or Oregon Community Power for that site. The amount of the credit shall be equal

1 to the total amount of qualifying expenditures for new **cost-effective** energy conservation, not to
2 exceed 68 percent of the annual public purpose charges, and the above-market costs [*of purchases*]
3 of new renewable energy resources incurred by the retail electricity consumer, not to exceed 19
4 percent of the annual public purpose charges, less administration costs incurred under **this para-**
5 **graph and paragraphs (b) and (c) of** this subsection. The credit may not exceed, on an annual
6 basis, the lesser of:

7 “(A) The amount of the retail electricity consumer’s qualifying expenditures; or

8 “(B) The portion of the public purpose charge billed to the retail electricity consumer that is
9 dedicated to new **cost-effective** energy conservation, new market transformation or the above-
10 market costs of new renewable energy resources.

11 “(b) To obtain a credit under **paragraph (a) of** this subsection, a retail electricity consumer
12 shall file with the State Department of Energy a description of the proposed conservation project
13 or new renewable energy resource and a declaration that the retail electricity consumer plans to
14 incur the qualifying expenditure. The State Department of Energy shall issue a notice of precertif-
15 ication within 30 days of receipt of the filing, if such filing is consistent with **paragraph (a) of** this
16 subsection. The credit may be taken after a retail electricity consumer provides a letter from a
17 certified public accountant to the State Department of Energy verifying that the precertified quali-
18 fying expenditure has been made.

19 “(c) Credits earned by a retail electricity consumer as a result of qualifying expenditures that
20 are not used in one year may be carried forward for use in subsequent years.

21 “(d)(A) A retail electricity consumer that uses more than one average megawatt of electricity
22 at any site in the prior year may request that the State Department of Energy hire an independent
23 auditor to assess the potential for conservation investments at the site. If the independent auditor
24 determines there is no available conservation measure at the site that would have a simple payback
25 of one to 10 years, the retail electricity consumer shall be relieved of 54 percent of its payment
26 obligation for public purpose charges related to the site. If the independent auditor determines that
27 there are potential conservation measures available at the site, the retail electricity consumer shall
28 be entitled to a credit against public purpose charges related to the site equal to 54 percent of the
29 public purpose charges less the estimated cost of available conservation measures.

30 “(B) A retail electricity consumer shall be entitled each year to the credit described in this
31 [*subsection*] **paragraph** unless a subsequent independent audit determines that new conservation
32 investment opportunities are available. The State Department of Energy may require that a new
33 independent audit be performed on the site to determine whether new conservation measures are
34 available, provided that the independent audits [*shall*] occur no more than once every two years.

35 “(C) The retail electricity consumer shall pay the cost of the independent audits described in
36 this [*subsection*] **paragraph**.

37 “(6) Electric utilities and retail electricity consumers shall receive a fair and reasonable credit
38 for the public purpose expenditures of their energy suppliers. The State Department of Energy shall
39 adopt rules to determine eligible expenditures and the [*methodology*] **method** by which such credits
40 are accounted for and used. The [*rules*] **State Department of Energy** also shall adopt methods to
41 account for eligible public purpose expenditures made through consortia or collaborative projects.

42 “(7)(a) In addition to the public purpose charge provided under subsection (2) of this section, an
43 electric company or Oregon Community Power shall collect funds for low-income electric bill pay-
44 ment assistance in an amount determined under paragraph (b) of this subsection.

45 “[*b*] *The commission shall establish the amount to be collected by each electric company in calen-*

1 *dar year 2008 from retail electricity consumers served by the company, and the rates to be charged to*
2 *retail electricity consumers served by the company, so that the total anticipated collection for low-income*
3 *electric bill payment assistance by all electric companies in calendar year 2008 is \$15 million. In cal-*
4 *endar year 2009 and subsequent calendar years, the commission may not change the rates established*
5 *for retail electricity consumers, but the total amount collected in a calendar year for low-income electric*
6 *bill payment assistance may vary based on electricity usage by retail electricity consumers and changes*
7 *in the number of retail electricity consumers in this state. In no event shall a retail electricity consumer*
8 *be required to pay more than \$500 per month per site for low-income electric bill payment assistance.]*

9 **“(b) The commission shall establish the amount to be collected by each electric company**
10 **from retail electricity consumers, and the rates to be charged by each electric company to**
11 **retail electricity consumers, so that the forecasted collection by all electric companies in**
12 **calendar year 2018 is \$20 million. In subsequent calendar years, the commission may not**
13 **decrease the rates below those established for calendar year 2018. The commission may**
14 **temporarily adjust the rates if forecasted collections or actual collections are less than \$20**
15 **million in any calendar year. A retail electricity consumer may not be required to pay more**
16 **than \$500 per month per site for low-income electric bill payment assistance.**

17 **“(c) Funds collected [by] through the low-income electric bill payment assistance charge shall**
18 **be paid into the Housing and Community Services Department Low-Income Electric Bill Payment**
19 **Assistance Fund established by ORS 456.587 (2). Moneys deposited in the fund under this paragraph**
20 **shall be used by the Housing and Community Services Department solely for [the purpose of**
21 **funding] purposes related to low-income electric bill payment assistance[.] and for the Housing**
22 **and Community Services Department’s cost of administering this subsection. [shall be paid out of**
23 **funds collected by the low-income electric bill payment assistance charge. Moneys deposited in the fund**
24 **under this paragraph shall be expended solely for low-income electric bill payment assistance.] Funds**
25 **collected [from] by an electric company or Oregon Community Power under this subsection shall**
26 **be expended in the service area of the electric company or Oregon Community Power from which**
27 **the funds are collected.**

28 **“(d)(A) The Housing and Community Services Department shall determine the manner in which**
29 **funds collected under this subsection will be allocated by the Housing and Community Services**
30 **Department to energy assistance program providers for the purpose of providing low-income bill**
31 **payment and crisis assistance.**

32 **“(B) The Housing and Community Services Department, in consultation with electric**
33 **companies, shall investigate and may implement alternative delivery models [in consultation with**
34 **electric companies] to effectively reduce service disconnections and related costs to retail electricity**
35 **consumers and electric utilities.**

36 **“(C) Priority assistance shall be directed to low-income electricity consumers who are in danger**
37 **of having their electricity service disconnected.**

38 **“(D) The Housing and Community Services Department shall maintain records and provide**
39 **those records upon request to an electric company, Oregon Community Power and the Citizens’**
40 **Utility Board established under ORS chapter 774 on a quarterly basis. Records maintained must**
41 **include the numbers of low-income electricity consumers served, the average amounts paid to low-**
42 **income electricity consumers and the type of assistance provided to low-income electricity**
43 **consumers. Electric companies and Oregon Community Power shall, if requested, provide the**
44 **Housing and Community Services Department with aggregate data relating to low-income elec-**
45 **tricity consumers served on a quarterly basis to support program development.**

1 “(e) Interest on moneys deposited in the Housing and Community Services Department Low-
2 Income Electric Bill Payment Assistance Fund established by ORS 456.587 (2) may be used to pro-
3 vide bill payment and crisis assistance to electricity consumers whose primary source of heat is not
4 electricity.

5 “(f) Notwithstanding ORS 757.310, the commission may allow an electric company or Oregon
6 Community Power to provide reduced rates or other **bill** payment or crisis assistance or low-income
7 program assistance to a low-income household eligible for assistance under the federal Low Income
8 Home Energy Assistance Act of 1981, as amended and in effect on July 23, 1999.

9 “(8) For purposes of this section, ‘retail electricity consumers’ includes any direct service in-
10 dustrial consumer that purchases electricity without purchasing distribution services from the elec-
11 tric utility.

12 “(9) For purposes of this section, [*amounts*] **funds** collected by Oregon Community Power
13 through public purpose charges are not considered moneys received from electric utility operations.

14 “**SECTION 2. This 2017 Act takes effect on January 2, 2018.**”.

15
