**A BILL FOR AN ACT**

1  
2 Relating to state agencies; and declaring an emergency.

3 Whereas today's challenges facing fish, wildlife and habitat are not being met by the current  
4 funding model for the State Department of Fish and Wildlife; and

5 Whereas the Task Force on Funding for Fish, Wildlife and Related Outdoor Recreation and  
6 Education was established by House Bill 2402 during the 2015 regular session of the Legislative  
7 Assembly (chapter 712, Oregon Laws 2015) and was tasked with developing recommendations for  
8 strengthening the State Department of Fish and Wildlife's ability to conserve natural resources and  
9 connect Oregonians to nature through outdoor recreation and education opportunities; and

10 Whereas the December 2016 task force report to the Legislative Assembly recommends potential  
11 alternative, sustainable funding sources for the department, potential budget adjustments to ensure  
12 relevant department program areas are funded in accordance with legislative direction and oppor-  
13 tunities for the department to better achieve its mission through leveraging, coordinating and  
14 budgeting funds from alternate and existing sources; and

**NOTE:** Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted. New sections are in **boldfaced** type.

1 Whereas the task force recommendations are based on the importance of taking immediate  
2 action to address the increasing complexity and costs of conservation and management of fish,  
3 wildlife and habitat and related recreational and educational opportunities; and

4 Whereas population growth, development, infrastructure needs, climate change and other na-  
5 tural and man-made changes all contribute to the increasing complexity and costs faced by the de-  
6 partment by placing new pressures on Oregon's fish, wildlife and wild places; and

7 Whereas public attitudes, uses and demands related to recreation and the aesthetic value of the  
8 natural world have developed to reflect changing public needs and expectations concerning conser-  
9 vation, recreation and education; and

10 Whereas society is becoming disconnected from the natural world and this disconnection im-  
11 pacts public health and well-being, as well as the future of fish and wildlife in Oregon; and

12 Whereas investments are necessary to ensure that future generations can experience the natural  
13 world, to increase public understanding of the numerous species of fish and wildlife that make  
14 Oregon home, to improve hunting and fishing opportunities while reducing the hunting and fishing  
15 license fees that currently fund most conservation efforts, and to recognize diversity by providing  
16 opportunities for all Oregonians to enjoy the state's rich outdoor heritage; and

17 Whereas the increasing complexity and cost of conservation and management must be shared  
18 by all Oregonians; and

19 Whereas addressing these challenges through implementation of the department's statutory  
20 mission and responsibilities requires new, diversified and sustainable sources of revenue to supple-  
21 ment existing funding and to ensure that Oregon is a leader in fish and wildlife conservation and  
22 management; and

23 Whereas establishing an Oregon Conservation and Recreation Fund is a critical first step in  
24 providing the department with a vehicle to receive and expend revenues dedicated to conservation,  
25 management, research, habitat improvements, enforcement, outdoor recreation, education and other  
26 activities that serve to protect, maintain or enhance the fish and wildlife resources of Oregon; now,  
27 therefore,

21 caused to be deposited and credited to the fund.

22 **SECTION 3.** There is appropriated to the State Department of Fish and Wildlife, for the  
23 biennium beginning July 1, 2017, out of the General Fund, the amount of \$11 million for de-

25 by section 2 of this 2017 Act.
