2 Emergency Management and with county officials who are responsible for emergency man-

4 (c) The council shall assign a priority level to each type of preparedness equipment on

6 likely to occur in different regions of this state and the types of preparedness equipment that
7 offer the highest ratio of utility to cost. The council shall periodically update and revise the
8 list.

9 (3) The Office of Emergency Management shall develop and administer a grant program
10 to distribute preparedness equipment, or funds to purchase preparedness equipment, to re-
11 cipients throughout this state. Pursuant to the grant program:

12 (a) Qualified applicants may request preparedness equipment that is identified on the list
13 described in subsection (2) of this section. Applicants must demonstrate a need for the spe-
14 cific preparedness equipment requested, the ability to maintain the preparedness equipment
15 and the ability to use the preparedness equipment to address deficiencies in local or regional
16 emergency preparedness.

17 (b) The office shall identify which requests from applicants, if fulfilled, will maximize the
18 state's ability to respond to an emergency, taking into account considerations that include
19 but are not limited to:

20 (A) The level of priority assigned to the requested preparedness equipment type pursuant
21 to subsection (2) of this section;

33 for distribution to a recipient or disburse funds to the recipient for the purchase of the re-
34 quested preparedness equipment.

35 (d) The Public Contracting Code does not apply to the acquisition of preparedness equip-
36 ment by the office or by a recipient pursuant to this section. When acquiring preparedness

38 that are impartial and transparent to the greatest extent feasible and are designed to maxi-
39 mize value to the State of Oregon.

40 (e) The office may not disburse preparedness equipment or funds under this section un-
41 less the office and the intended recipient first enter into a grant agreement. The grant
42 agreement:

43 (A) Shall require the recipient to maintain the preparedness equipment.

1 office for the cost of the preparedness equipment.

2 (C) Shall specify that the office may conduct periodic inspections of the preparedness
3 equipment as described in paragraph (f) of this subsection.

4 (D) Shall specify that preparedness equipment distributed to the recipient remains the
5 property of the office until it is fully depreciated under governmental accounting principles,
6 after which the office may offer the preparedness equipment for sale to the recipient at its
7 fair market value at the time of sale.

8 (E) May permit the recipient to use the preparedness equipment for any purpose, gov-
9 ernmental or otherwise, that is permissible for assets financed with tax-exempt bonds, in-
10 cluding nonemergency purposes.

11 (F) Shall require private organizations to obtain approval from the office before making
12 any use of preparedness equipment that is outside the scope of the purpose of the private
13 organization as stated in the formation documents or bylaws of the organization.

14 (G) Shall require the recipient to take action or refrain from action as necessary to
15 maintain federal tax benefits related to any tax-exempt bonds that are used to fund the grant
16 and to indemnify the State of Oregon for any costs, expenses or liability due to loss of such
17 federal tax benefits caused by action or inaction of the recipient.

18 (f) The office shall conduct periodic inspections of preparedness equipment distributed
19 or purchased through the grant program to ensure that recipients are adequately maintain-
20 ing the preparedness equipment. If the office finds that any preparedness equipment is not
21 adequately maintained, the office may take possession of the preparedness equipment or re-
22 quire the recipient to reimburse the office for the cost of the preparedness equipment.

23 (g) The office may transfer between recipients, dispose of or otherwise manage the
24 preparedness equipment as it determines is in the best interests of meeting the emergency
25 preparedness needs of the State of Oregon. If the office disposes of preparedness equipment
26 for any reason, including sale to a recipient as provided in paragraph (e)(D) of this sub-
27 section, the office shall deposit any moneys it receives from the disposal in the Resiliency
28 Grant Fund established under section 2 of this 2017 Act.

29 (4) On or before December 31 of each year, the office shall submit a report to the Leg-
30 islative Assembly and to the Oregon Homeland Security Council that describes the adminis-
31 tration and effectiveness of the grant program established under this section and the current
32 prioritized list of preparedness equipment types.

33 (5) The office shall adopt rules to administer and implement the provisions of this sec-
34 tion.

38 under section 1 of this 2017 Act and may include moneys appropriated, allocated, deposited
39 or transferred to the fund by the Legislative Assembly or otherwise and interest earned on
40 moneys in the fund. The moneys in the fund are continuously appropriated to the Office of
41 Emergency Management for the purposes specified in section 1 of this 2017 Act.
