 31 items used in the playing phases of lottery and policy schemes are not gambling devices within this  
 32 definition. Amusement devices other than gray machines, that do not return to the operator or

 9 of chance on equal terms with the other participants therein is a person who does not otherwise  
 10 render material assistance to the establishment, conduct or operation thereof by performing, without  
 11 fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as in-  
 12 viting persons to play, permitting the use of premises therefor and supplying cards or other equip-

 36 or otherwise entitle the player to something of value. A device so constructed or readily adaptable
