39          mentation of the project. Development approvals, permits, licenses, certificates or other ap-  
40          provals may be subject only to reasonable and necessary conditions of approval but those

43          “(2) For the purposes of subsection (1)(b) of this section:

44          “(a) An approval condition is not reasonable or necessary, or is considered to prevent

8 **tion of the project; or**

9 **“(iii) Will have a significant negative impact on the operations of the project.**

10 **“(b) In the event that a land use approval is delayed causing significant delay of the**  
11 **completion or implementation of the project, TriMet may pursue any remedy available in law**  
12 **or equity. Not less than 10 days prior to commencing an action for relief under this section,**  
13 **Trimet shall provide written notice to each local government to which TriMet submitted an**  
14 **application for a land use decision relating to the project.**

15 **“(3)(a) If the state, Metro or an affected local government, special district or political**  
16 **subdivision does not take final action on an application for a development approval, permit,**  
17 **license, certificate or other approval as required under subsection (1) of this section, TriMet**  
18 **may file a petition for a writ of mandamus according to the procedures for cities described**  
19 **in ORS 227.179.**

20 **“(b) Notwithstanding ORS 227.179 (5), the court shall issue a peremptory writ unless the**  
21 **governing body or any intervenor shows that the approval would violate the criteria adopted**  
22 **by the Land Conservation and Development Commission under section 4 of this 2017 Act.**

23 **“(4) Each affected local government, special district or political subdivision that issues**  
24 **a development approval, permit, license, certificate or other approval for the project under**  
25 **subsection (1)(b) of this section shall continue to exercise enforcement authority over the**  
26 **development approval, permit, license, certificate or other approval.**

29 **“(6)(a) Development approvals issued under subsection (1)(b) of this section shall be**  
30 **treated as land use decisions, but not as limited land use decisions.**

31 **“(b) Development approvals, permits, licenses, certificates and other approvals issued**  
32 **under subsection (1)(b) of this section may be the subject of administrative and judicial re-**  
33 **view as provided by law.**

34 **“(7) Steering committee determinations made under subsection (2)(a)(D) of this section**  
35 **shall control in the event of a conflict and are not subject to review.**

36 **“SECTION 9. (1) Notwithstanding ORS 183.482, 183.484 or 197.825 and as provided by**

45 **section 6 of this 2017 Act on the project; and**

2 by subsection (5) of this section within 14 days following the adoption of the land use final  
3 order as described in section 6 (11) of this 2017 Act.

4       “(4) A person’s failure to raise an issue at the land use final order hearing, in person or  
5 in writing, or failure to raise an issue with sufficient specificity to afford the council an op-  
6 portunity to respond to the issue raised, shall preclude that person from petitioning for re-  
7 view based on that issue.

8       “(5)(a) A notice of intent to appeal shall:

33       “(E) A statement of matters that were officially noticed at the hearing;

34       “(F) The staff report and any amendments thereto; and

35       “(G) All documents accepted into the public hearing record.

36       “(b) Metro shall make available a copy of the record for inspection by petitioners, and  
37 shall provide a copy of the record to any petitioner upon request. Metro may not charge a

39       “(8)(a) Within four days following delivery of the record to the board, a petitioner may

2 or decision timelines set forth in sections 1 to 12 of this 2017 Act.

3 “(9) Stays or continuances of proceedings are not permitted for the proceedings described  
4 in this section.

5 “(10)(a) Within 14 days following the filing of the notice of intent to appeal, a petitioner  
6 shall personally deliver a petition for review and brief to each entity listed in subsection (6)

25 firming or remanding the council's land use final order and stating the reasons for the de-

29 “(A) Improperly construed the criteria;

30 “(B) Exceeded its statutory or constitutional authority; or

31 “(C) Made a decision in the land use final order on the project improvements, including  
32 their locations, that was not supported by substantial evidence in the record.

33 “(c) The existence in the record of substantial evidence supporting a different decision  
34 on the project improvements, including their locations, is not grounds for remand if there  
35 was also substantial evidence in the record supporting the land use final order.

36 “(d) Failure to comply with statutory procedures, including notice requirements, is not  
37 grounds for invalidating a land use final order.

38 “(e) The board shall affirm all portions of the land use final order that it does not re-

9 **“(c) The petition must state a request for relief and include a copy of the board’s final**

12 **“(d) Upon request by the court, the board shall personally deliver or electronically submit**  
13 **a transcript of the board’s record.**

44 **Council shall amend the land use final order to be consistent with the terms and conditions**  
45 **of the Full Funding Grant Agreement.**

1       “(2) The council shall remove, modify or defer one or more project improvements or  
2 measures if:

3       “(a) The federal government requires the removal, modification or deferral of portions  
4 of the approved project, or the removal, modification or deferral of measures is expressly  
5 provided for in a Final Statement as a condition of executing a Full Funding Grant Agree-

7       “(b) Subsequent to execution of a Full Funding Grant Agreement, the steering committee  
8 determines that additional removals, modifications or deferrals are appropriate due to in-

10       “(3) The following amendments to a land use final order are not subject to review by any
