Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 341.522, as amended by section 1, chapter 75, Oregon Laws 2016, is amended to read:

341.522. (1) The Office of Student Access and Completion shall administer the Oregon Promise program as provided by this section.

(2) Subject to subsections (5) and (6) of this section, the office shall provide a waiver of tuition for community college courses to a person who meets the criteria described in subsections (3) and (4) of this section. The waiver shall be a grant and limited as provided by subsections (5) and (6) of this section.

(3) A grant shall be awarded under this section to a person who meets the following criteria:

(a) Is enrolled in courses that are:

(A) Offered at a community college in this state; and

(B) Determined by the office, in accordance with rules adopted by the Higher Education Coordinating Commission, to be required for completion of:

(i) A one-year curriculum for students who plan to transfer to another post-secondary institution of education;

(ii) An associate degree; or

(iii) A program in career and technical education;

(b) Has been a resident of this state for at least 12 months prior to enrolling in the courses described in paragraph (a) of this subsection;

(c) Attained the person's highest level of education in this state prior to:

(A) Receiving a diploma under ORS 329.451;

(B) Receiving a General Educational Development (GED) certificate as provided by ORS 350.175;

(C) Completing grade 12 in compliance with the requirements of ORS 339.035; or

(D) Completing grade 12 at a private or parochial school, as described in ORS 339.030 (1)(a);

(d) **Except as provided in subsection (7) of this section**, attained the person's highest level of education as described in paragraph (c) of this subsection within six months from the date that

the person first enrolls in courses described in paragraph (a) of this subsection for the purpose of receiving a grant under this section;

(e) Earned a cumulative grade point average of 2.5 or better in high school or otherwise demonstrated an equivalent academic ability, as determined by the office according to rules adopted by the commission;

(f) Completed and submitted the Free Application for Federal Student Aid for each academic year and accepted all state and federal aid grants available to the person, if eligible to file the application; and

(g) Has not completed either of the following:

(A) More than a total of 90 credit hours, or the equivalent, at a post-secondary institution of education; or

(B) A curriculum, degree or program, as described in paragraph (a)(B) of this subsection.

(4)(a) A person continues to remain eligible to receive a grant under this section if the person, in addition to satisfying the criteria specified in subsection (3) of this section, meets the following criteria:

(A) Maintains at least the minimum cumulative grade point average prescribed by the commission based on federal aid grant requirements;

(B) Makes satisfactory academic progress toward a curriculum, degree or program, as described in subsection (3)(a)(B) of this section, as prescribed by the commission based on federal aid grant requirements;

(5)(a) The total amount of a grant awarded under this section shall be based on each term that a person is enrolled in courses described in subsection (3)(a) of this section. After the amount of tuition for the person for the term is reduced by \$50, to be paid by the person, and reduced by any amounts received by the person in state and federal aid grants, the person shall be eligible for a grant under this section in an amount that equals:

(A) Except as provided by paragraph (b) of this subsection, not less than the greater of:

(i) \$1,000; and

(c) The commission may prescribe by rule whether to include fees, and any limitations related to the inclusion of fees, when determining the actual cost of tuition or the average cost of tuition under this subsection.

(6) The total amount in grants awarded under this section by the office may not exceed \$10 million per fiscal year, or any lesser amount available to the office for the purpose of this section. The commission may adopt by rule the priority by which grants are awarded, which may allow for

preference to be given to persons enrolled in school districts or high schools that meet specified criteria.

(7) A member of the Oregon National Guard who has completed initial active duty training is not required to comply with the criteria set forth in subsection (3)(d) of this section in order to receive a grant, provided that the member first enrolls in courses described in subsection (3)(a) of this section within six months of completing initial active duty training, as evidenced by an official form issued by the United States Department of Defense.

[7] (8) The commission shall adopt any rules necessary for the administration of this section, including any requirements related to:

(b) Determining whether a person is eligible for a grant under this section, including whether the person shall be given priority as allowed under subsection (6) of this section;

(c) Implementing programs or policies that improve the academic success or completion rates for persons who receive a grant under this section;

(d) Prescribing eligibility requirements and grant calculations for persons dually enrolled in a community college and a public university; and

(e) Evaluating the impact of the program established under this section, including any requirements for reporting data needed for evaluations.

[8] (9) No later than December 31 of each even-numbered year, the commission shall submit to an interim legislative committee related to education a report that summarizes the commission's findings on the impact of the program established under this section. The report shall include:
