Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 341.522, as amended by section 1, chapter 75, Oregon Laws 2016, is amended to read:

341.522. (1) The Office of Student Access and Completion shall administer the Oregon Promise program as provided by this section.

The [*waiver*] **grant** shall be [*a grant and*] limited as provided by subsections [(5) and (6)] **(6) to (9)** of this section.

the person first enrolls in courses described in paragraph (a) of this subsection for the purpose of receiving a grant under this section;

(e) Earned a cumulative grade point average of 2.5 or better in high school or otherwise demonstrated an equivalent academic ability, as determined by the office according to rules adopted by the commission;

(A) More than a total of 90 credit hours, or the equivalent, at a post-secondary institution of education; or

(B) A curriculum, degree or program, as described in paragraph (a)(B) of this subsection.

(4)(a) If a person otherwise meets the required criteria and has been awarded a grant under subsection (3) of this section, but the person enters into service with a career and technical student organization relating to agriculture or farming that is approved by the Department of Education under ORS 344.077 within six months after the person attained the person's highest level of education as described in subsection (3)(c) of this section, the person will continue to be eligible to receive the grant if the person first enrolls in courses described in subsection (3)(a) of this section within six months of finishing the person's service with the career and technical student organization.

(b) In addition to the situation described in paragraph (a) of this subsection, the commission may waive the requirement set forth in subsection (3)(d) of this section for a person who shows that the person was unable to timely enroll in courses described in subsection (3)(a) of this section due to a significant hardship. The commission may adopt rules to implement this paragraph.

[(4)(a)] **(5)(a)** A person continues to remain eligible to receive a grant under this section if the person, in addition to satisfying the criteria specified in subsection (3) of this section, meets the following criteria:

(A) Maintains at least the minimum cumulative grade point average prescribed by the commission based on federal aid grant requirements;

(B) Makes satisfactory academic progress toward a curriculum, degree or program, as described in subsection (3)(a)(B) of this section, as prescribed by the commission based on federal aid grant requirements;

[(5)(a)] **(6)(a)** The total amount of a grant awarded under this section shall be based on each term that a person is enrolled in courses described in subsection (3)(a) of this section. **Except as provided in subsections (8) and (9) of this section**, after the amount of tuition for the person for the term is *[reduced by \$50, to be paid by the person, and]* reduced by any amounts received by the person in state and federal aid grants, the person shall be eligible for a grant under this section in an amount that equals:

(A) Except as provided by *[paragraph]* **paragraphs (b) and (c)** of this subsection, not less than the greater of:

(i) \$1,000; and

(ii) The person's actual cost for tuition.

(b) The amount of a grant, as calculated under paragraph (a) of this subsection, shall be reduced by \$50 for each term that the person receives a grant under this section.

[(b)] (c) The minimum amount of a grant, as calculated under paragraph (a) of this subsection, may be prorated for a person who is enrolled in courses described in subsection (3)(a) of this section for a sufficient number of credit hours to be considered at least a half-time student but not a full-time student.

[(c)] (d) The commission may prescribe by rule whether to include fees, and any limitations related to the inclusion of fees, when determining the actual cost of tuition or the average cost of tuition under this subsection.

[(6)] (7) [*The total amount in grants awarded under this section by the office may not exceed \$10 million per fiscal year, or any lesser amount available to the office for the purpose of this section.*] The commission may adopt by rule the priority by which grants are awarded, which may allow for preference to be given to persons enrolled in school districts or high schools that meet specified criteria.

(8) Prior to the start of the fall term of each academic year, the commission shall determine whether there are sufficient moneys to award a grant under this section to each person who meets the criteria described in subsections (3) to (5) of this section. On the basis of this determination the commission may:

(a) Limit eligibility to receive a grant under this section to a person whose family contribution, as determined by the commission by rule, is at or below the level the commission determines is necessary to allow the commission to operate the Oregon Promise program with available moneys; or

(b) Reduce or eliminate any limitation on eligibility previously imposed by the commission under paragraph (a) of this subsection.

(9)(a) If at any time the commission determines that there are insufficient moneys to provide a grant to each person who has been awarded a grant under this section, the commission may:

(A) Decrease the total amount of the grant awarded; or

(B) Increase the amount that a person must pay under subsection (6)(b) of this section for each term that the person receives a grant under this section.

(b) If at any time the commission determines that the amount of moneys available to operate the Oregon Promise program exceeds the amount determined under subsection (8) of this section, the commission may reduce or eliminate any limitation on eligibility to receive a grant under this section that was previously imposed by the commission under subsection (8)(a) of this section.

(c) The commission shall promptly notify the interim committees of the Legislative Assembly responsible for higher education each time the commission takes any action under paragraph (a) or (b) of this subsection.

[(7)] (10) The commission shall adopt any rules necessary for the administration of this section, including any requirements related to:

(a) Specifying the form and timelines for submitting an application for a grant under this section;

(b) Determining whether a person is eligible for a grant under this section, including whether the person shall be given priority as allowed under subsection [(6)] (7) of this section;

(c) Implementing programs or policies that improve the academic success or completion rates for persons who receive a grant under this section;

(d) Prescribing eligibility requirements and grant calculations for persons dually enrolled in a community college and a public university; and

(e) Evaluating the impact of the program established under this section, including any requirements for reporting data needed for evaluations.

[(8)] (11) No later than December 31 of each even-numbered year, the commission shall submit to an interim legislative committee related to education a report that summarizes the commission's findings on the impact of the program established under this section. The report shall include:

(a) Student completion rates of curricula, degrees and programs described in subsection (3)(a)(B) of this section;

(b) The amount of federal aid grants received by persons who received a grant under this section;

(c) The financial impact of the program on school districts that had students receive a grant under this section;

(d) The financial impact and the enrollment impact of the program on community colleges and public universities in this state; and

(e) The overall success rate of the program and financial impact of the program.
