AN ACT

Relating to the Oregon Industrial Site Readiness Program; creating new provisions; amending ORS 285B.625, 285B.626, 285B.627, 285B.630 and 657.665; and prescribing an effective date.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 285B.625 is amended to read:
285B.625. The Legislative Assembly finds that:

(1) Traded sector industries are the foundation of state and regional economic development strategies for long-term prosperity and job creation. **Because traded sector jobs typically pay higher than average wages and generate higher than average income tax revenues, such jobs play an important role in supporting critical state services.**

(2) Industrial development that provides new traded sector jobs reinforces the economies of local and regional communities and contributes to the economic recovery of the State of Oregon.

(3) There is a shortage of market-ready regional industrial sites in this state. Project sponsors have limited financial tools to facilitate development of significant and complex industrial sites that are appropriate for traded sector industrial use.

(4) Public assistance is necessary to overcome development-related constraints and to incentivize industrial site development in this state.

(5) The State of Oregon has a significant interest in the success of regional economic development strategies and is the primary beneficiary *[from]* **of such economic development through** increased income tax revenues *[generated by such economic development]*. These revenues should be shared and invested in facilitating significant site development for traded sector industrial use in this state.
